

Staying Independent

Falls are the main reason why older people lose their independence.

Are you at risk? Check each statement that is true for you.

Check your risk of falling	Actions to staying independent
<input type="checkbox"/> (2) I have fallen in the last 6 months	Learn more on how to reduce your fall risk, as people who have fallen are more likely to fall again.
<input type="checkbox"/> (2) I use or have been advised to use a cane or walker to get around safely.	Talk with a physiotherapist about the most appropriate walking aid for your needs.
<input type="checkbox"/> (1) Sometimes, I feel unsteady when I am walking.	Exercise to build up your strength and improve your balance, as this is shown to reduce the risk for falls.
<input type="checkbox"/> (1) I steady myself by holding onto furniture when walking at home.	Incorporate daily balance exercises and reduce home hazards that might cause a trip or slip.
<input type="checkbox"/> (1) I am worried about falling.	Knowing how to prevent a fall can reduce fear and promote active living.
<input type="checkbox"/> (1) I need to push with my hands to stand up from a chair.	Strengthening your muscles can reduce your risk of falling and being injured.
<input type="checkbox"/> (1) I have some trouble stepping up onto a curb.	Daily exercise can help improve your strength and balance.
<input type="checkbox"/> (1) I often have to rush to the toilet.	Talk with your primary healthcare professional or incontinence specialist about solutions to decrease the need to rush to the toilet.
<input type="checkbox"/> (1) I have lost some feeling in my feet.	Talk with your primary healthcare professional or podiatrist, as numbness in the feet can cause stumbles and falls.
<input type="checkbox"/> (1) I take medicine that sometimes makes me feel light-headed or more tired than usual.	Talk with your primary healthcare professional or pharmacist about medication side effects that may increase the risk of falls.
<input type="checkbox"/> (1) I take medicine to help me sleep or improve my mood.	Talk with your primary healthcare professional or pharmacist about safer alternatives for a good night's sleep.
<input type="checkbox"/> (1) I often feel sad or depressed.	Talk with your primary healthcare professional about symptoms of depression and help with finding positive solutions.
TOTAL	Add up the number of points in parentheses beside each checkbox you checked. If you scored 4 points or more, you may be at risk for falling. Discuss this brochure with your primary healthcare professional to find ways to reduce your risk.
